Our Trade With Russia

Under authority of a 1939 law, President Truman has halted the export of military supplies to Russia and eastern Europe. It was a sensible and necessary move, perhaps too long delayed. But it hasn't satisfied those who point out that in these days of total war all goods can be converted to military use. Food, textiles, lumber, hides—all are as necessary as bullets to operate the military machine.

However, trade with Russia hasn't been a one-way proposition. Complete suspension of our trade with her would cut off 25 percent of our manganese imports and 29 percent of our chromium. Furthermore, investigation of an east-west trade war would halt the very considerable commerce which moves through the so-called Iron Curtain. Supplying western Europe with what Russia now sells there would put a greater strain on our economy.

Lavish Leave Allowances

Ohio Chamber of Commerce criticism of leave regulations for federal employees is justified. A survey by senators Ball and Bridges for the senate appropriations committee shows wasteful practices and unparalleled liberality that would bankrupt a private employer.

Sick leave may be taken up to 15 days a year and accumulated up to 90 days. Time off for sickness is counted toward earning the annual 28 days of regular leave. State employees have 11 days of regular leave. A nine-month survey of government printing office time cards showed the average sick leave to be 9.6 days, most of which were taken after weekends and holidays. Rumors of reduction in force resulted in many becoming conveniently "ill" to use up accumulated leave.

Many employees accumulate their 90 days of leave, for which they are paid on separation. Some agencies have so many employees with 90 days to their credit that it would disrupt their budgets to drop them from the payrolls. Accumulated annual and sick leave due government jobholders is estimated to be \$1,100,000,000.

No one begrudges federal employees a fair amount of time off under sick and annual leave, but allowances should be brought in line with those prevailing in industry and in state, county and city governments.

Memorable Date in History

This is a serious editorial, written to commemorate countless wounds and endless suffering inflicted on innocent victims of a great modern oversight—the failure of auto manufacturers to standardize the height of bumpers.

It was inevitable that the stylishly low bumpers on Mr. Zillion's new eight-cylinder purrmaster would slip under the high guard rails on Joe Clunk's rusty heap in a parking collision and get caught there. It was inevitable that thousands of man-hours would be frittered away while countless motorists cursed, tugged heaved and hauled. Anyone with an ounce of sense could have seen that was bound to happen, but until recently there hadn't been an ounce of sense in the vast sprawling motor car industry.

It was not until March 24, 1948, that the Society of Automotive Engineers, which sets standards for the industry, tardily agreed that automobile bumpers should be 18.25 inches from the ground. It will be years before the result reaches the public, but March 24, 1948, should be memorized by school children in the meantime.

Good Advice From a Friend

Former Secretary of Labor Francis Perkins has told labor that the growing concept of just wages and fair working hours in the last 50 years is the result of co-operation and bargaining, not political pressure. She has also warned that militant political action based on belief in perpetual class struggle might eventually destroy the labor movement.

Those are frank words from a good friend of unionism. Equally frank was her recommendation that labor clean up its own back yard, impose self-limitation on the right to strike and continue co-operation and bargaining.

This advice implies, of course, that management also must cooperate and bargain. But labor must still come half way. A comparative history of unions as bargainers and as politicians suggests that her advice is sound. It is likewise timely.

This year's general election will impose enough strain at best in a period when our safety demands national unity. Now isn't the time for class struggle—or, for that matter, for private crises like John L. Lewis' to be added to the grave general state of affairs.

Not Exactly Synonymous

An article on the Department of Labor's 35th anniversary, in the United Mine Workers Journal, discovers a paradox: While the labor movement has grown stronger, it says, "the government department established to be its spokesman was becoming weaker."

It then quotes President Taft's description of the labor secretary's "duty of fostering, promoting and developing the welfare of the wage earners of the United States."

It seems to us that the article's author leaves room for argument when he assumes that promoting the wage earners' welfare is the same thing as being spokesman for the labor movement. And when one thinks how well some of the labor movement's leaders have promoted that welfare—like the UMW's own John L. Lewis at the present time—the assumption borders on the ridiculous.

The Stars Say

BY GENEVIEVE KEMBLE
For Wednesday, March 31

There are excellent prospects of the lightening of the current burden, not only by marshalling of all forces, resources, and advantages, but by the friendly intervention of influential persons, impressed by the direct, aggressive and practical tackling of a difficult and stubborn problem.

Shrewd and astute measures, with industry, perseverance and unwavering faith in final outcomes, not only in one's own efforts but in timely aid of outsiders are important. Work for high goals.

For the Birthday

Those whose birthday it is may be blessed with a far vision of success and high achievement following defeat and frustration of major menace.

The long view of final results, backed up by logical planning, industry, unflinching energy and confidence, are bound to attract concrete assistance from influential sources, ready to give due consideration to worthy and realistic effort, diligence and persistency when the going seems all but hopeless and frustration inevitable.

A child born on this day may be well armed for defeat, impediment and frustration by its realistic evaluation of underlying factors, with the vim, courage and determination to win against all odds. Thus gaining friendly aid from influential sources.

ONE MAN'S OPINION

A psychologist's explanation of our war nerves is that we have been cooped up too much this winter . . . he seems to think it's all right to let us out now.

Things may cool down . . . Stalin has made no new moves since Eddie Cantor addressed him. And Baby Snooks is being held in reserve.

Washington cannot be said to be unaware of the troubled times . . . new foreign policies are coming out almost hourly.

For the time being a strong stand is being taken on both sides of every question and where there is no question one will be provided.

We may not have the BEST foreign policies in the world but none of them are over 90 days old at any time.

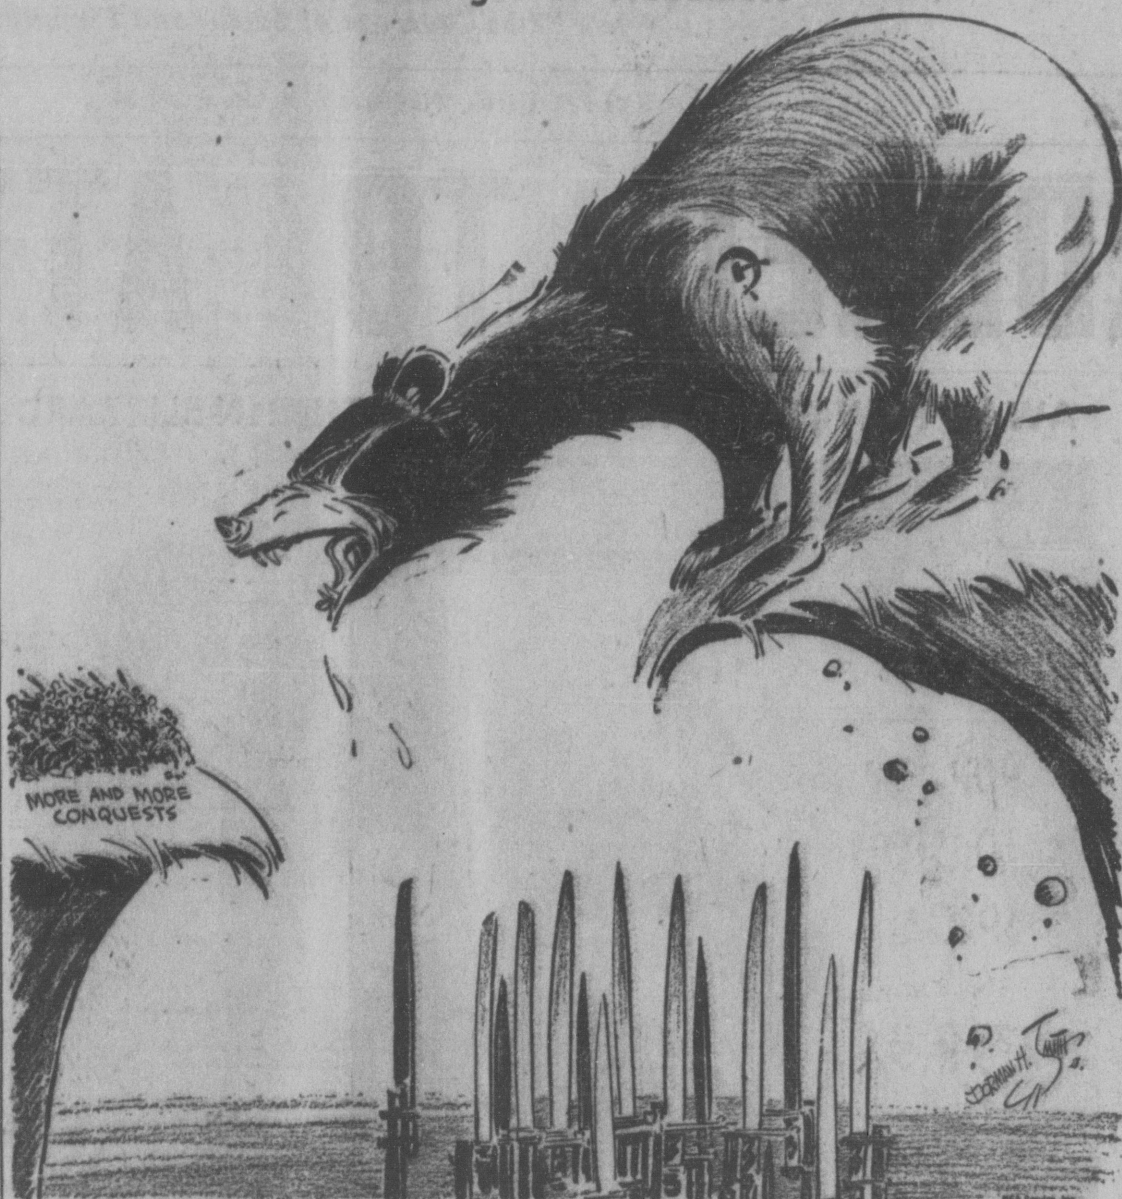

In many respects there is an appearance of normalcy about the country . . . we are taking the coal strike, spring training and the election of "Miss April Showers" with seasonal calm.

GUARDING YOUR HEALTH

An Alarming Symptom in Children

By HERMAN N. BUNDESEN M. D.

A SYMPTOM which frightens patients is often a blessing in disguise because it sends them post-haste to the doctor for expert help.

Hematuria which means the presence of blood in the urine, is such a symptom, especially in young children. And, luckily so, for when such a situation exists, no time should be lost in finding and treating the disorder which is causing it.

Search Complicated

The search may be complicated, for blood in the urine may result from many different diseases, some chiefly affecting the kidney and bladder and others being of a more general nature. The doctor's search for causes will be somewhat conditioned by the age of the patient.

In a child, for instance, he will, as a rule, first suspect nephritis or kidney inflammation, and pyelitis or inflammation of the part of the kidney in which the urine collects before it passes into the bladder. When these are ruled out by diagnostic tests, he will probably think next of rickets and scurvy, both of which have been known to cause this symptom.

Disease Affecting Blood

In obscure cases he will also consider the possibility of some disease affecting the blood itself, such as purpura in which there is bleeding into the skin and membranes of the body, hemophilia in which the clotting power of the blood is affected and internal hemorrhages are common, or leukemia, in which there is a great increase in the number of white cells.

In young and middle-aged adults the presence of blood in the urine may also indicate pyelitis and nephritis, but here the doctor must think of certain other possible causes as well among them tuberculosis of the kidney, stone in the bladder, ureter or kidney and infections of the urinary tract.

In late middle-aged and elderly persons, long-continued inflammation of the kidney and high blood pressure may be responsible for blood in the urine. However, at this period of life, tumors of the kidney or bladder are more often present than in younger persons, and these tumors are frequently responsible for the occurrence of blood in the urine.

If the blood comes from the bladder, it is usually brighter in color than that which comes from the kidney, pelvis or ureter. Fever, together with the bleeding usually

indicates some type of infection. Pain and frequency in emptying the bladder suggest some condition affecting the lower part of the urinary tract such as bladder inflammation; stone in the bladder, tuberculosis, enlargement of the prostate gland, or tumor.

Chronic Infection

Pain in the sides, passing down into the groin, often indicates a chronic infection, or a stone in the ureter or canal leading from the kidney to the bladder.

Thus it may be seen that blood in the urine can be due to a large variety of ailments, many of which are serious. Hence there should be no delay in seeking the advice of a doctor when blood appears in the urine. The condition requires thorough and careful study on his part to determine the source of the bleeding because it is only after the cause is found that intelligent treatment can be given.

64 Cartons Donated In Clothing Drive

The American Friends Service committee in Philadelphia received 64 cartons of used clothing from the Salem area in the March drive. The clothing weighed nearly 1,700 pounds.

Based on the weight of shipments made by the committee during 1947, the average weight of articles of clothing and shoes was about 1 1/4 pounds to an article. If four articles were given each person it would mean that more than 300 benefited.

Another shipment is being prepared, collections to be accepted through April 13. All clothing should be clean and if possible, mended and in usable condition.

The Sixth Street Friends school-house will be open the afternoons and evenings of April 9, 10, and 12, but those unable to bring contributions may call 4411, Starbuck's; or 4355, Ed F. Stratton, for pick-up service.

In a recent letter from a worker on the staff in a Berlin neighborhood center, telling of a Christmas party there, it was agreed that nothing did as much to lift the morale of these people as did a change into decent clothing.

"Inasmuch as we have done it unto one of the least of these my brethren, ye have done it unto Me."

SOCIAL NOTES

Mary Beth King's Betrothal Revealed

Mr. and Mrs. W. D. King entertained at a family dinner Saturday evening at their home E. Sixth st.

The table was attractively decorated in yellow and white daisies. At each place was a tiny scroll which bore the announcement of the engagement of their daughter, Mary Beth, to Kenneth Groner, son of Mr. and Mrs. Robert Groner, Damascus rd.

Out of town guests were Mr. and Mrs. Clair King and son, Jeff, of Cleveland, and Mr. and Mrs. Ralph Hum of Columbiana.

Miss King and her fiancé are graduates of Salem High school. They are students at Ohio State university; she is a senior, while he is a sophomore. Mr. Groner is a World War II veteran.

They are planning an early summer wedding.

Lucille Greeniesn Wed In Columbus

Miss Lucille Greeniesn, daughter of Mr. and Mrs. William Greeniesn of Garfield, and Norman D. Marshall, son of Mr. and Mrs. Harry Marshall of Columbus, were united in marriage Friday morning by Rev. John Miller at the parsonage of the Indianapolis Presbyterian church, Columbus.

After the ceremony, a wedding breakfast was served by the bride's sister, Miss Rita Greeniesn at her home in Columbus.

Guests attended from Garfield, Marysville and Columbus.

After a short trip, the couple will reside at 312 Olenfany st., Columbus.

Feted On Birthday

The birthday anniversary of Steve Schuster was celebrated with a family gathering Sunday at his home, Newgarden st. A decorated cake adorned the table. He was presented gifts.

Mrs. Floyd Moul and son, Frederick, of Dearborn, Mich., and Mr. and Mrs. Donald Spear of Washingtonville were among the guests.

Rev. and Mrs. Wilbur Meiser and son, Keith, of Cleveland, were guests Monday of Mr. and Mrs. George Meiser of Jennings ave., and Mr. and Mrs. H. C. Smith of E. Fourth st. They spent Monday night at the home of his parents, Mr. and Mrs. Ross Meiser, Columbiana.

Miss Dorothy Haldi, who is attending Chicago university, spent the spring vacation with her parents, Mr. and Mrs. C. R. Haldi, Franklin st., and returned Sunday. She had as her guest, Miss Virginia Leary of Salt Lake City, Utah, also a student there.

Miss Marcia Brennan, student nurse at Western Suburban hospital, Oak Park, Ill., which is affiliated with Wheaton college, is spending a few days with her father, L. D. Brennan, Roosevelt ave. She will return Wednesday.

Miss Mary Viola has accepted a job at the Isaly store.

* WE, THE WOMEN

By RUTH MILLETT

In a recent woman's magazine, a man urges American women to take more of an interest in their husbands' careers, both for the sake of helping their husbands get ahead and of making the marriage itself more successful.

There's nothing wrong with the advice. Except it should have appeared in a man's magazine and been directed toward men.

For it is the man who decides whether or not he is going to take his wife into his confidence. It's a rare woman who doesn't

want to know about a man's job. Most women at the beginning of their marriages are vitally interested in their husbands' jobs. They want to know what they do all day long. They would like to share their worries and triumphs.

TWO DAYTIME WORLDS

But, after being rebuffed a few times for showing their interest, they resign themselves to living in one daytime world and letting their men live in another.

Too many men, even today when women are generally as well educated as their husbands, think that a woman who stays at home all day long can't possibly understand what goes on in the world of business.

So they shut their wives out of their business lives. There is nothing the wives can do about it, except complain that "George never tells me anything."

No wife can identify herself with her husband's career, unless he wants her to. So it's really up to the men.

Queen Esther Class Enjoys Meeting

Games and music helped make the occasion enjoyable when members of the Queen Esther class of the First Friends church, taught by Mrs. L. L. McCluggage, held a social meeting at the home of Jackie Parker, Newgarden rd.

A Bible contest was won by Barbara Umstead. Lunch was served. The next meeting is April 30.

Mr. and Mrs. Roger C. Tuel of Columbus spent the weekend with her parents, Mr. and Mrs. Gus W. Sechler of W. Third st.

Miss Ruth VanSoy of W. Tenth st. has returned from St. Petersburg, Fla., where she spent the winter.

Miss Lois Johnston, junior in the Cleveland City hospital training school, spent Saturday and Sunday with her parents, Mr. and Mrs. Arthur Johnston, Cleveland st.

Deer Gets the Jump on Cameraman

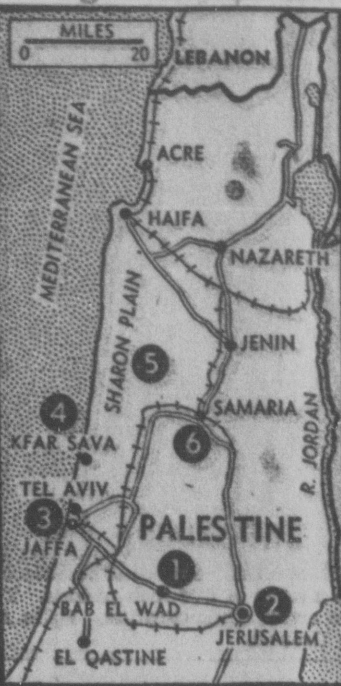

A photographer went to the Elmira, N. Y., home of Mary Faye Dunham to take a picture of her feeding her pet deer. This is what he got instead. As the shutter clicked the startled deer leaped across the room.

Where All Our Soldiers Are Stationed

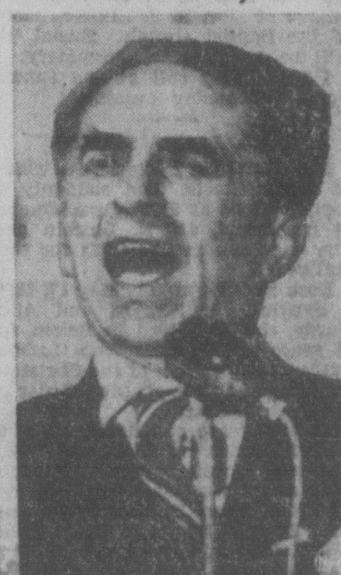

This map shows actual and proposed deployment of U. S. Army forces in the U. S. and six overseas commands as described by Chief of Staff General Bradley. Army now numbers 542,000, with proposed plans calling for 240,000 more, 228,000 of them to serve in the U. S. Three overseas commands—Pacific, Caribbean, Trieste—are at full tactical strength, and Europe is 3000 over strength.

'Siege' Is Broken

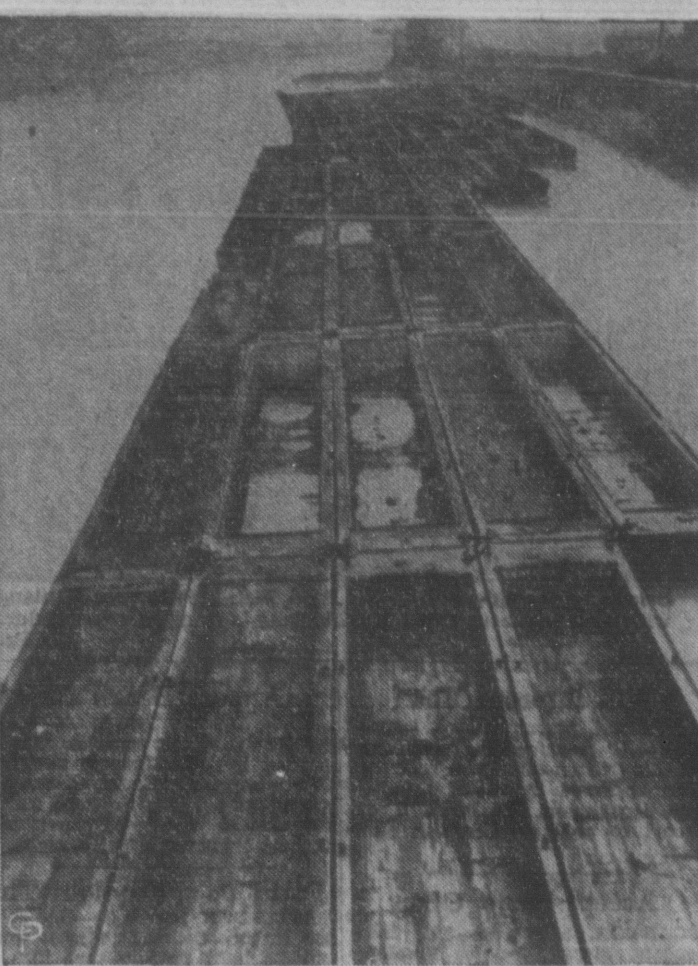

British troops helped Jewish Haganah militia break through an Arab road block at Bab El Wad (1), relieving an Arab "siege" of Jerusalem (2) and allowing a large food convoy to enter the Holy City from Tel Aviv (3). Reports from Kfar Sava (4) said Arabs living on Jewish-dominated Sharon Plain (5) were leaving their homes in what appeared to be an Arab evacuation of the rich Palestine coast. Ten thousand Arab troops are reported billeted in villages around Samaria (6) ready to sweep across Sharon Plain.

Representative of the Progressive Citizens of America, he refused to answer inquiry on his membership in the young Communist party. (International)

'U. S. Blunder'

TESTIFYING before the Senate armed services committee, former Ambassador Joseph C. Martin claims "I'd be in favor of using it before I would become a slave of another nation." (International)

'Accidentally' Hit

Richard Reidy, of Chicago, relaxes in a doctor's office, left, after a bolt from an "accident-proof" gun ricocheted during a "safety" demonstration. The gun, right, fires threaded bolts into wooden sections of outdoor advertising displays upon ignition of 22 caliber powder charge. Reidy was hit in the head by the projectile, one of which is shown with gun and powder charge.

SALEM'S 19TH GIRL SCOUT TROOP FORMED WITH 24 MEMBERS ENROLLED

Salem has a new intermediate Girl Scout troop, bringing the number of local troops to 19.

Made up of 24 girls, 21 of them Brownie flyers, the troop will have as its leader, Mrs. D. W. Lewis.

The investiture ceremony for this troop was held in connection with a colorful dinner party Monday evening in the Memorial building, which was arranged by Mrs. Michael Schuller, office secretary, and Mrs. Wayne Loschinsky, leader of troop 12.

Mrs. Schuller announced the program and assisted Mrs. Loschinsky in the rites. Girl Scout pins presented the flyers were pinned on by Joan Schuller, who also reviewed the history of Girl Scouting, and Peggy McIntire.

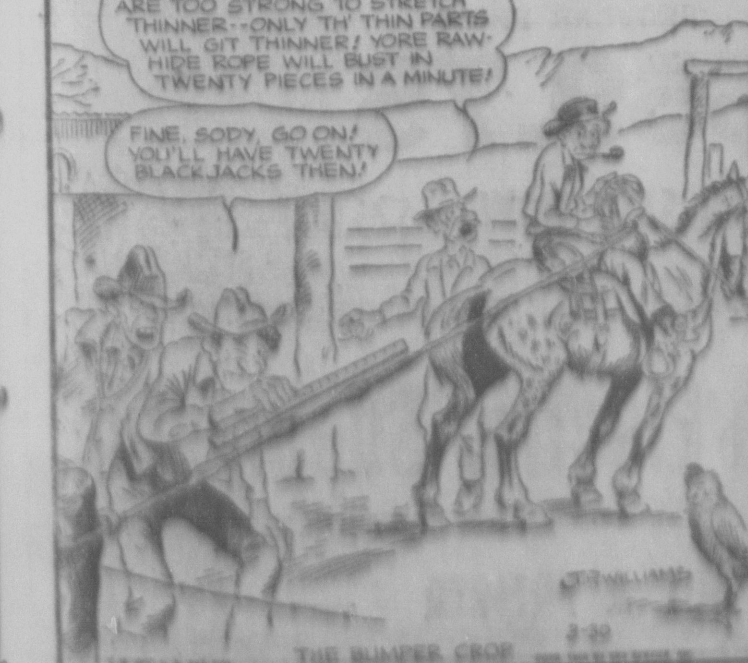

All the girls in this new troop have passed their tenderfoot test. Their names are:

Anne Farrington, Patricia Ann Kornbau, Gail Loschinsky, Bonnie McIntire, Janet Patterson, Barbara Tausch, Marilyn Theiss, Sandra Galbreath, Judy Allen, Nancy Lee Dan, Sally Ann Hutchison, Sally Lee Kirkbride, Faye Lippitt, Marilyn Schaefer, and Doris Shoop.

Delores Adams, Paula Bodendorf, Wilma Bodendorf, Greta Lewis, Susan Wolfe, Jo-Ann Griffith, Peggy Heltman, Polly Bell and Jeanne Marks.

During the ceremony they repeated the motto, laws and promise.

OUT OUR WAY

LETTERS TO THE EDITOR

Editor, The News:

As a subscriber of The Salem News I believe I ought to give my stand on peacetime conscription, which would mean military government which we do not want.

There has been much propaganda in favor of it just in order to deceive the people. Anyone who advocates that is a traitor to our form of government. Maybe they don't realize it but that is what it will lead to.

Hasn't the American Legion got on the wrong road in advocating U. M. T.? That would be entirely contrary to our form of government.

David H. Morlan, Columbiana, Ohio

Support 'Fast' Time

Editor, The News:

We are a group of neighbors. All of us fellows work in the shop in the day time and have to punch time clocks at 7 in the morning. Then we come home in the evening and make our gardens and try to get a little of that needed sunshine. We are very much in favor of fast time.

We have been following all of these articles in your paper against "fast time." Well, we decided that it's about time that we express our own ideas too.

As for the school children getting up in the middle of the night, is not true, cause there is no school during the summer months, and I am sure that no youngster turns down going swimming or playing ball just because it's evening. In fact, it's a wonderful idea to have fast time cause the working class of people get an extra hour of daylight to enjoy.

As for the farmers—well, that is absurd. I know all about farming and have managed one very successfully. On a farm, a man is his own boss, and gets up when he pleases and goes to bed when he pleases. They are the ones who do the most complaining and don't realize that in a dusty enclosed shop all day long, enjoys a little sunshine himself. I have some farmer friends who did not turn their clocks ahead the last time. They said that the old time was what they went by and never did turn their clocks ahead.

Doctors recommended to people to get out into the sunshine and play golf, or go riding, or just work in the garden, and get some fresh air into their lungs, so how about putting in a good word for us "Fast Timers."

US FAST TIMERS

Try the "Fasttime"—a gold mine of values for the thirty days.

Hums to Mark Anniversary

COLUMBIANA, March 30—Mr. and Mrs. J. L. Hum, lifelong residents of Columbiana, next Sunday will observe at their home, 221 Union st., the 50th anniversary of their marriage. They will have open house for relatives and friends from 2 to 4 and 7 to 9 p. m.

Jacob L. Hum and Miss Katherine M. Keldach were married April 5, 1898, by Rev. Henry Kohler at the Lutheran parsonage in New Brighton, Pa. Mr. Hum having been employed in Beaver Falls at that time. They have lived 47 years at their home on Union street.

Mr. Hum a former mayor and councilman has been in the tin-smithing business at his present location on Spring alley in the rear of Main st. for 33 years.

In receiving relatives and friends next Sunday, Mr. and Mrs. Hum will be assisted by their daughter, Mrs. V. J. Woodworth, Sr., of Austintown, and their son, Marcus of Columbiana. They have two grandchildren and one great-grandchild.

Congressman is Visitor

Congressman Paul Cunningham of Des Moines, Iowa, spent the weekend in Columbiana at the home of his brother, J. M. Cunningham, 5, Elm st., where his sister-in-law is seriously ill. Returning to Washington, Monday, the congressman was accompanied by George M. Griffith, secretary of the Farm Labor Association of Northern Ohio, who is in Washington in the interest of the new bill for the importation of farm workers from the West Indies.

Election of officers is scheduled for the meeting of the Music Boosters club in the High school Thursday evening.

An all-day meeting of the Women's guild will be held Thursday in Grace Evangelical and Reformed church, with coverdinner at noon. A book review will be given at the afternoon session at 2.

Minister III

The congregational dinner and quarterly conference announced for Wednesday evening at the Methodist church, has been cancelled on account of the illness of the pastor, Rev. A. R. Brown, who was taken ill last week. Rev. Brown has been ordered by his physician to remain in bed for a couple of weeks. Rev. Dr. Paul L. Carter, superintendent of Steubenville Methodist district, preached Sunday morning for Rev. Brown. The quarterly conference has been postponed to April 2.

A rope throwing contest will be a feature of the meeting of the Pack 17, Boy Scouts at the Presbyterian church Wednesday evening.

PRESIDENT

rather than insisting upon anonymity as an "Eisenhower spokesman." Parks declared in a statement that "under no conceivable circumstances" will the five star general yield to a Democratic draft.

Almost simultaneously, the policy committee of the Liberal party of New York adopted a resolution calling upon the Democratic party to draft Eisenhower as its nominee. A party spokesman said committee members knew of the Washington statement before they acted.

Meanwhile, James Roosevelt said he has no intention of climbing on the Eisenhower bandwagon as have two of his younger brothers, Elliott and Franklin D. Jr.

"I'm not a bolter," the chairman of the California Democratic committee told newsmen at San Diego last night.

Report Taft-Dewey Move

In the Republican arena, Washington politicians close to the situation said an undercover fight over the complexion of Maine's delegation to the GOP national convention probably will break into the open later this week.

The state Republican convention is due to meet Thursday and Friday to pick 13 delegates to the Philadelphia presidential nominating meeting. Traditionally the slate would go unopposed.

But politicians here said Dewey and Taft have reached a silent

agreement to work for a delegation which would be about evenly divided among their friends.

The New York governor and the Ohio senator were said to feel that otherwise Stassen might run away with the plums while they were fighting each other.

If the reputed Dewey-Taft combine works in Maine it may be another sign of growing friendliness between the two major candidates.

But their supporters say the tie-up won't hold elsewhere. In Nebraska, for instance, they will be slugging at each other's political throats in the April 13 popularity primary.

Hummel Fires Aide
For Duty Neglect

COLUMBUS, March 30—Secretary of State Edward J. Hummel today fired C. Stanley Miller, Republican, from the Montgomery county board of elections on a charge of malfeasance.

Hummel said Miller had admitted withdrawing from election board files surplus declarations of candidacy and petition papers of ten candidates for county central precinct committeemen and state central committeemen. This took place Feb. 4, the last day for filing declarations and petitions, Hummel said.

Miller had neither written requests to do so from the candidates nor approval from other board members of other "authorized employees," Hummel said.

"In fact," Hummel's statement said, "Mr. Miller admitted he had done these acts, and his only defense was that he had 'oral requests' from such candidates and further as a member of the Montgomery county board of elections he had a right to 'withdraw' said declarations of candidacy and petitions thereby leaving one declaration of candidacy and petition with 'five' signatures in the file to comply with the provisions of the election laws of Ohio that became effective Jan. 2, 1948."

But for Miller's action, Hummel said, the candidates would have been disqualified "due to the excess of names" on their petitions. Five and no more are permitted under the new law.

"This action," he said in the removal order, "is not being taken to embarrass any particular person or persons, but good government requires and demands that all elections held in Montgomery county must be honest and unbiased and above all to guarantee a sacred ballot box, with all election officials above suspicion."

Four U. N. Powers Flay A-Bomb Plan

(By Associated Press)
LAKE SUCCESS, March 30—Britain, China, France and Canada demanded today that atomic delegates break off talks on Russia's scheme to prohibit atomic bombs.

The four nations declared a mere convention banning bombs would without world controls, help an aggressor nation gain overwhelming military supremacy and would mislead public opinion into a feeling of false security. They denounced the whole or Russia's atomic proposals as inadequate and unrealistic.

The four countries put a resolution before the working committee of the United Nations atomic energy commission calling for rejection of the Russian proposals as they stand now. They asked the committee to declare there is no purpose in discussing them further.

Delegates from the four countries said the resolution does not constitute a final and formal break with Russia on the whole atomic control problem. They said they are ready to discuss new Soviet proposals but they do not want to go over the same ground again and again.

The United States did not join in the statement of the four countries but informed sources predicted the U. S. would support it.

Authoritative sources said the four nations were laying the groundwork for a full debate on atomic energy in the 1948 United Nations assembly meeting in Paris this fall. These sources added that the four nations feel it is time for the assembly to attempt to end the deadlock by its moral persuasion.

Red-Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduce the red-blood strength—and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps build sturdy health.

OILERS, WILDCATS TO FURNISH TEN ON OLYMPIC TEAM

Two Garden Contestants Will Stage Exhibition Games For Money

(By Associated Press)
NEW YORK, March 30—The Phillips Oilers of Bartlesville, Okla., and the Wildcats of the University of Kentucky will furnish 10 of the 14 players on the basketball squad which goes to London this summer to represent the United States in the Olympic games.

In addition, the National AAU and NCAA titleholders, who shot their way to the finals of the U. S. Olympic tryouts at Madison Square Garden last night will meet in an exhibition series later this year to help pay expenses of the trip to the British capital.

Bartlesville flattened the Denver Nuggets 69-40, while Kentucky whipped Baylor university, 77-59, in the semi-finals. Both victories followed the pattern set by the same teams in the recent finals of the National AAU and NCAA tournaments.

America's Olympic race squad will not be selected officially until tomorrow night after Bartlesville and Kentucky clash in the finals of the tryouts and Denver and Baylor meet in their third place.

The U. S. Olympic basketball committee has invited the Bartlesville and Kentucky coaches to recommend five men each for the American squad.

The other four players on the Olympic squad will be named by the committee from among the remaining six teams in the playoffs.

Canton South Ready For Findlay, Coach Ash Says

BY FRITZ HOWELL

OHIO AP Sports Editor
COLUMBUS, March 30—If Canton South's Wildcats don't win the Class A Ohio high school basketball championship this weekend, they can't blame lack of preparation or lack of confidence.

Coach Charles E. (Red) Ash brought his Stark county squad to Columbus yesterday and worked out on the Aquinas High school floor—the earliest a team has ever arrived for the cage classic.

"We are serious about this thing," Ash said. "You know, 29 Stark county clubs have reached the state tournament, and several of them have gone to the final game, but none has ever won the Class A title."

"After the drubbing we gave Canton McKinley in the regional finals, and considering the schedule we played, we feel we are ready for Findlay. We know they've won 25 in a row, but we've won 23 of 24 and our opposition was pretty tough."

"We respect Findlay a lot, but we feel we're even with 'em in personnel and ability. The reason we came down early was because we heard the Columbus water sometimes affected the visiting teams, too, we want to get used to it before tournament time."

Ash said he had lined up a team of Columbus All-Star High school players to scrimmage against his Wildcats to keep them on edge. He has workouts at Aquinas scheduled tomorrow and Wednesday, and the team will get its first look at the coliseum at 11 a. m. Thursday.

The Wildcats meet Findlay's undefeated Trojans Friday night in the Class A semi-finals, following the Hamilton Catholic-Coshocton afternoon fray.

Class B teams will take over the Coliseum floor Wednesday for practice sessions in preparation for Thursday's semi-finals.

Lima St. Rose (27-2) will appear at noon, Eaton (21-2) at 1:30 p. m., Glenford (35-1) at 3 p. m. and North Canton (23-5) at 4:30 p. m. North Canton is the 11th Stark county Class B team to reach the state meet, Canal Fulton winning in 1938 and North Canton in 1939.

The Class A squads get in their coliseum practice rounds Thursday, with Hamilton Catholic (26-1) taking the floor at 8 p. m., Findlay (25-0) at 9:30, Canton South (23-1) at 11, and Coshocton (19-5) from 4 p. m. to 5:30 p. m.

Sandwiched between the Class A

practice sessions will be the 2:30 p. m. semi-finals Class B clash between Eaton and Glenford, while Lima St. Rose meets North Canton at 8 p. m. the winners meet at 2:30 p. m. Saturday for the Class B crown held a year ago by Columbus's Clippers, and the Class A visitors meet at 8 p. m. Saturday to see who replaces Mid-dietown as king.

Glenford and Lima St. Rose in Class B, and Hamilton Catholic and Findlay in Class A, have been tagged as the early favorites, but Ash said, "You know, 29 Stark county clubs have reached the state tournament, and several of them have gone to the final game, but none has ever won the Class A title."

Cleveland Battles For 3rd Playoff Win

By INS

Cleveland's Barons enter the Providence rink again tonight in what probably will be the final game in the opening series of the American Hockey league playoffs.

The Barons, undefeated in their last 30 starts, took the first three contests from the Reds in the best-of-seven series.

If the Cleveland skaters win, they will carry their undefeated streak into the league finals for the Calder Cup and the championship.

Roger Bessette, who has held the Rhode Island pucksters to three goals in just as many games, will be back on the job tonight in the Barons net.

After the Barons wrap up the series with the Reds, they will meet the winner of the series between the Buffalo Bisons and the New Haven Ramblers. The Bisons now lead in the best-two-of-three series. The second game is to be played tonight on New Haven ice.

In the National League, Toronto meets Boston again tonight in their best-of-seven series. New York takes on Detroit in the Empire City. Detroit leads the Rangers, 2-1, in the best-of-seven schedule.

Salem Melody Outfit Wins, Town Talk Eliminated As 35-Team Tourney Opens

BY DON E. BEATTIE

The basketball nets sang steadily at the Memorial building Monday as the opening session of the annual Salem Invitational Basketball tourney, featuring a 35-team entry, got under way with eight first class games.

Manager Joe Kelley reported a good first night crowd of nearly 400 as the Salem Melodies, the Vienna Scots, Parma, the Sharon Elks, the Canton Cals, Mansfield Barberton and the Sharon Westinghouse outfits posted first round wins.

Eight games are booked tonight, starting at 5:30. The schedule is carried elsewhere on this page.

Eliminated last night were the Lisbon VFW, Salem's Town Talk, Harter Pottery, Ravenna, West Salem, Painesville, Farrell, and East Liverpool's Heimles.

The Vienna Scots, boasting mostly Youngstown college stars, looked among the best of the first evening along with the Canton Cals, who swamped West Salem 102-31, and the always classy Sharon clubs.

Melody Posts Easy Win
With All-Ohio Bob Papper, Salem High star, leading the way with 13 points and diminutive Jimmy Appedisan a 12-point scorer, the Salem Melody Cleaners won easily over Lisbon's VFW 46-32 last night.

Salem stepped off to a 15-4 lead in the first frame and drifted in from there on. The Salem club looked impressive and may be a title contender, although it faces stiff opposition in the Vienna entry in second round play.

Vienna A Strong Outfit
The Vienna Scots, with Salem's Walt Brinn, Charles "Mutt" Schaefer and Ray Wise as mainstays, had little trouble getting past the Salem Town Talk entry 53-32.

Christien led the way for the winners with 10 points, Leo Less getting 12 for Town Talk with his mate, Emch, scoring 13.

Vienna led 11-4 at the first and continued to increase the margin until the fourth frame, when Town Talk rallied to out-score the Scots 20-12.

Parma Captures Opener
Parma, a traditional entry in the Salem tourney, appeared again about as strong as ever and swamped the Harter Pottery 44-33 in the first round battle for the near-Cleveland lads.

George Rung, a former All-Ohio college man and Great Lakes star during the war, led the winners with 12 points while Wallace (no relation to Henry A.) walked off with the honors for the losers with 10.

Parma led 17-6 to start and had it easy from there on.

Sharon Elks Take Thriller

In a ding dong battle that veered first one way and then the other from start to finish the Sharon Elks came out winners over a Ravenna ex-High outfit 48-44 last night.

Sharon, a promising outfit, was paced by a clever Metovich lad, who tallied 15. Ravenna's big gun was George Stefanie, former star with the 1946-47 club.

Westinghouse Club Triumphs
Sharon Westinghouse pulled a mild surprise and eliminated a touted East Liverpool Heimle outfit 54-39 in putting in an early bid for top ranking honors.

Sharon looked good all the way, taking a slim 16-14 edge over the talented Potterytown entry at the first quarter and then gradually working into a safe lead.

Weeks led the way with 12 points for Sharon. Porter Mackey and

FELLER, LEMON TO HAVE SOME REAL HELP THIS YEAR

Gettel and Muncrief Serve Notice They Will Be Aids At Winning

(By Associated Press)

TUCSON, Ariz., March 30—Two members of the Cleveland Indians, "Big Five" mound staff promised some help today to Fireballers Bob Feller and Bob Lemon.

Al Gettel and Bob Muncrief, a pair of veterans who are expected to take the hill regularly when Feller and Lemon are not engaged in winning their mythical games, combined yesterday for the Tribe's first shutout victory, 2-0, over the St. Louis Browns.

It was the seventh consecutive spring victory for the high-flying Redskins and their 11th triumph in 15 starts, tops for the American league.

The Indians eked out yesterday's win on five bingles, including two by Manager Lou Boudreau.

Gettel yielded four harmless hits in four innings, and two of the safeties were snuffed out immediately by Cleveland double plays. Muncrief, a former Brown, limited his ex-teammates to a single hit in four innings for his best performance of the season.

Rookie Larry Doby, who ranks high with the Tribe "Brain trust" as a possible starter this season, and Freshman Ray Murray drove in the Indians' two runs in the eighth with a pair of timely singles.

Pat Seery drew a walk and two sacrifices contributed to the winning rally.

By UP

LAKEHURST, Pa.—Paul (Dizzy) Trout, Detroit Tiger fastball ace, proved to Manager Steve O'Neill today that he was ready for the start of the American league season after becoming the first major league pitcher to hurl nine innings in the Grapefruit league.

Trout, in beating the New York Yankees 7 to 1, yielded only four hits and was robbed of a shutout when Joe Di Maggio homered with two out in the ninth inning.

TAMPA, Fla.—Ewell Blackwell, who won 22 games for Cincinnati last season, indicated today he would be just as effective this season after limiting the Boston Braves to two hits in six innings and beating them 3 to 1.

SAN FRANCISCO—First baseman Jack Harshman was obtained by the New York Giants today from the San Diego Padres of the Pacific Coast league.

LOS ANGELES, Calif.—The Cleveland Indians sported their sixth straight exhibition game victory today after posting a 7 to 5 triumph over the Chicago Cubs.

Two homers by Joe Gideon and one by Ed Robinson helped the Indians pin the fourth straight setback on the Cubs. Bob Feller of Cleveland yielded one run and four hits in the four innings he worked. Don Black and Steve Gromek finished for the Indians.

Cunningham were the pace-setters for Liverpool with 10 each.

New Pack-Plane Speeds Air Freight

Designed for the Air Force by the Fairchild Aircraft Division, Hagerstown, Md., this new C-120 Pack-Plane is equipped with a detachable fuselage. Like a trailer-truck, it can switch its payload quickly. Designs call for a pack with a nine-ton payload capacity for a 2000-mile range. The pack, once detached from the plane, can be used as a troop shelter. Note the unusual landing gear, and the detached packs in the background.

Grass Pills Urged For Saving Food

(By United Press)

DALLAS, Tex.—Elmore R. Torn has switched to grass. Not the long green stuff. Tablet form.

The executive vice president of the Texas Chemurgic Council, going all out to conserve food for the hungry people of Europe, is taking tablets of cerophyl Cerophyl is the fancy name for dehydrated grass.

Torn says 20 such tablets are enough to fill the vitamin requirements of an average person for one day. Besides, the grass pills have chlorophyll "green magic" in them—a substance which scientists say may prove useful in prolonging the life expectancy of man.

Saving Figured Out

With the grass diet supplemented only by fruit juices and coffee, and perhaps an occasional helping of black-eyed peas and celery for bulk, Torn figures on saving 3,333 calories in one day—enough food for two Europeans.

The meadow diet is not altogether new to Torn. Several years ago he used the cerophyl pills in an attempt to lose weight. They

worked fine. He lost 54 pounds in three months.

The pills, which are produced from the tender green shoots of oats, barley, wheat and rye, smell like so much freshly-cured Johnson grass hay.

According to Torn's figures, if everyone who consumes more than 3,000 calories a day took the pills to substitute for 1,000 of the calories, enough food would be saved to feed 30,000,000 persons.
